

## Interact Opportunities at Niwot High School

The two main reasons for the Interact Club of Niwot High School are:

- To provide opportunities to students to develop and perform service projects to benefit Niwot High School, and
- To participate in community and international service activities in conjunction with the club's sponsor, the Rotary Club of Niwot.

The club will operate as a high school organization with both faculty and rotary advisors. The students and club members will develop the projects they wish to perform. The Rotary Club of Niwot will provide support and opportunities to participate in recognized community service.

Rotary offers students many opportunities to enhance their educational and leadership growth including:

- RYLA and Junior RYLA
- International Student Exchanges
- Scholarships
- Service credits for IB and other educational programs
- Participation in Rotary Area, District, and International Conferences and local meetings and projects

Faculty advisors will advise and determine the applicability of various service projects and time toward school service credits.
